

Petal it Forward 2022

Petal it Forward is a grassroots movement to spread kindness in our communities and schools. For our schools, we have created a special program.

What: Student volunteers/leaders Participants will hand out two flowers to any student who they feel needs a lift. They then ask the student to seek out another student who needs a lift and pass one of the flowers onto them- Petal it Forward. The goal of Petal it Forward is to SEEK and ACT.

When: Any one day from March 1st to May 15th.

Cost: We will provide a \$200 grant to support Petal it Forward to the first three schools who apply and promise to complete the listed requirements.
